

Hamburg, 19th December 2019

Press release

VINCI Energies acquires Dansk Sprinkler Teknik, leading provider of fire security solutions in Denmark.

VINCI Energies is acquiring Dansk Sprinkler Teknik located in Odense, Denmark. Founded in 2010, Dansk Sprinkler Teknik developed to a market leader in Denmark, Norway and Sweden. The company designs and installs fire alarm and sprinkler system solutions, including service and maintenance. The company counts 125 employees in Denmark and will achieve about €25 million turnover in 2019.

With this latest acquisition, VINCI Energies enforces her expertise in providing fire protection systems. Dansk Sprinkler Teknik will join Fire Protection Solutions of VINCI Energies in Germany.

Dansk Sprinkler Teknik is a full-service provider of fire security solutions with a large sprinkler division and a fire alarm division and is a market leader in these areas. The main site in Odense, supplemented by 4 additional locations in Denmark as well as 2 locations in Norway will strengthen the presence of the Fire Protection Solutions Group in these countries.

VINCI Energies in Germany generated annual revenue of nearly €2.2 billion and employs close to 12,000 people.

"We are very delighted about this growth to our Fire Protection Group. Dansk Sprinkler Teknik will allow us to expand our activities in Denmark and strengthen our leading position on the market", said Stefan Falk, Managing Director of VINCI Energies in Germany and CEO of Fire Protection Solutions.

"For the owners of Dansk Sprinkler Teknik, it has been important to secure our company the muscles to continue growing in the north. With VINCI Energies, we secure that Dansk Sprinkler Teknik will be equipped for the future, not only because of all the synergies that will be from the group. For our employees, we see great opportunities for careers and opportunities for personal development by being in a large and trimmed group like VINCI Energies. We look forward to a good collaboration with the group and look forward to becoming part of the team." said Freddy Raeder, CEO of Dansk Sprinkler Teknik.

About VINCI Energies

In a world undergoing constant change, VINCI Energies focuses on connections, performance, energy efficiency and data to fast-track the rollout of new technologies and support two major changes: the digital transformation and the energy transition. With their strong regional roots, agile and innovative, VINCI Energies' business units boost the reliability, safety and efficiency of energy, transport and communication infrastructure, factories, buildings and information systems.

2018: €12.6 billion revenue // 77,500 employees // 1,800 business units // 53 countries
